Applicant filed a petition 19 Aug 2008 under 37 C.F.R. 1.84 to use color drawings in the application. Applicant has (A) paid the appropriate petition fee; (B) provided three (3) copies of formal color drawings; (C) the black and white photocopy of the drawings in the image file wrapper will suffice for 37 C.F.R. 1.84(a)(2)(iii); but (D) the specification does not contain appropriate language at page 14, line 28+ for incorporation of color drawings under 37 C.F.R. 1.84(a)(2)(iv).

The amendment to the specification to insert the necessary language is not compliant with 37 CFR 1.121. Thus, the amendment has not been entered. Even if the amendment was entered, the amendment does not place the necessary language into the specification as the first paragraph of the brief description of the drawing. Given the above, the petition to accept color drawings, filed 8/19/2008, is denied.
